Price: \$1750.00  
**Use Promo Code** PMI-CRBC which saves \$100 off the advertised price of \$1850

CertiFi™ has developed an innovative program called Get Certified and Stay Certified™. Within that program, we have developed an advanced course that condenses a year's worth of preparation into a 3-day class filled with processes, study guides, and test taking strategies that enables the qualified candidates to pass the PMP® or CAPM® Exam on their 1st attempt.

Our Exam Prep courses cover the Project Management Framework, as defined by the Project Management Institute. As a result, the Guide to the Project Management Body of Knowledge (PMBOK®) is strategically demystified in our classes so that the student can skillfully comprehend and apply the relevant information towards passing the Project Management Institute's PMP® or CAPM® certification exam.

What a beneficial class this was. I really appreciated the complete focus on passing the PMP exam. I attended another 'train for the PMP' class a year ago and it was nowhere near the detailed focus on the exam that this class was. Absolutely Loved It!  
Wendy, PMP

## Stay Certified™

You Need 60 PDUs.

We Have Them.  
Fill Up!

Have you been a PMP® for many years? Are you up-to-date with all the Project Management best practices based on the newest version of the PMBOK®? If not, CertiFi™ can help! Our course, PM Framework Best Practices, has insights that could unlock scope, time, and budget constraints from your projects. This course covers all 9 Knowledge Areas, clarifies the key elements of each area, and updates students' understanding of how the process areas work together. Apply Best Practices from real live project experiences to each area, and unlock the power of this methodology for your current and upcoming projects!
